PROPS TO HELP EYE CONTACT

for communication & interaction

1

HATS

Use 5-6 different hats to try on together. Put on your hat and wait for your child to look at you.

2

GLASSES

You can also try on sunglasses, Batman mask, funny noses, goggles and headbands.

3

JEWELLERY

A bag full of bracelets, necklaces, hair brushes and clips are great for swapping with each other.

4

DRESS UPS

Spiderman with mask, mermaid with crown, fireman with hard hat. Help your child put the costume on and 'ask' for help.

5

WIND UP TOYS

Help your child to hand you the toy and look at you before you wind it up.

6

BLANKET

Blankets are great for peekaboo - either covering the child or you. Pull the blanket off to see each other.

7

CUSHIONS

Lay your child on a cushion and bend over to tickle and look at him. Squash him gently into a 'sandwich'.

8

STICKERS / BANDAIDS

Put a sticker on your nose/chin for your child to notice..
